## COVID-19 RESPONSE:

The safety of our students and visitors are important to us. We have created a few safeguards that leaders, staff, and volunteers will strive to uphold. However, knowing that hugs, and fist bumps can be a temptation for many students who haven't seen their friends in some time, it is the parent's or guardian's discretion whether or not to send their student to public events during this time.

#### COVID19 STUDENT MINISTRY GUIDELINES (beyond NH's guidelines)

- Room capacity guidelines will be followed per state requirements.
- Everyone in the classroom space will wear masks (Students and volunteers/staff). Masks will be available for students if they are forgotten.
- Any student or adult who exhibits any cold/flu like symptoms will not be allowed to participate any event.
- Anyone who tests positive for COVID19, will not be allowed at activities for a minimum of 2 weeks post being asymptomatic.
- Students will be encouraged to wash their hands as they enter the Youth Room and before they go home. Hand sanitizer will also be available at gatherings and students will be reminded to use often.
- All snacks and drinks that are served, will be individually packaged.
